**THE GOVERNMENT OF THE KINGDOM OF SAUDI ARABIA AND
SAUDI ARAMCO ANNOUNCE THE CLOSING OF THE SECONDARY
PUBLIC OFFERING OF ORDINARY SHARES OF SAUDI ARAMCO**

The Government of the Kingdom of Saudi Arabia (the “**Government**”) and Saudi Arabian Oil Company (Saudi Aramco), the world’s largest integrated energy and chemicals company (the “**Company**”), today announce the closing of the secondary public offering of ordinary shares (the “**Offer Shares**”) of the Company (the “**Offering**”) by the Government.

OFFERING HIGHLIGHTS

Amin H. Nasser, President & CEO, said:

“This landmark transaction achieves the goals of diversifying and broadening Aramco’s shareholder base with strong participation from new international and local investors, further supporting the liquidity of our shares. We are especially pleased to welcome new institutional shareholders from around the world to Aramco, and we are proud and grateful for the continued trust from local institutions and retail investors.

The success of the offering demonstrates our track-record of operational and financial performance since our record-setting IPO in 2019. It reflects growing recognition of our competitive strengths and long-term growth strategy across an expanding global portfolio. It further highlights confidence in our ability to successfully execute across the energy value chain in upstream, integrated downstream and new energies, including low-carbon projects.”

- The Government sold 1.545 billion shares of the Company in the Offering, representing approximately 0.64% of the Company’s issued shares.
- The Offering is the largest secondary offering in EMEA since 2000 and the largest ECM offering in the Middle East, after the Company’s own IPO in 2019.

- The gross proceeds to the Government from the Offering were SAR 42.10 billion (U.S.\$11.23 billion), subject to the Over-allotment Option (as defined below), which, if exercised in full, would increase the gross proceeds to the Government from the Offering to SAR 46.31 billion (U.S.\$12.35 billion).
- The final offer price for both institutional and retail investors was SAR 27.25 per Offer Share (the “**Final Offer Price**”).
- For the purposes of allowing the Stabilizing Manager (as defined below) to cover short positions resulting from any over-allotments, the Government has granted the Stabilizing Manager an option (the “**Over-allotment Option**”) or “greenshoe”, pursuant to which the Stabilizing Manager may purchase from the Government up to 10% of the number of Offer Shares, at the Final Offer Price. The Over-allotment Option will be exercisable in whole or in part upon notice by the Stabilizing Manager, at any time on or before 30 calendar days after the commencement of trading of the Offer Shares on the Saudi Exchange on Sunday, 9 June 2024 and will therefore cease to be exercisable on Tuesday, 9 July 2024. Assuming the exercise of the Over-allotment Option in full, the Offering will comprise approximately 0.70% of the Company’s issued shares.

Solely for the purposes of the product governance requirements of Chapter 3 of the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK Product Governance Requirements**”), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any “manufacturer” (for the purposes of the UK Product Governance Requirements) may otherwise have with respect thereto, the Offer Shares have been subject to a product approval process, which has determined that the Offer Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each defined in paragraph 3 of the FCA Handbook Conduct of Business Sourcebook; and (ii) eligible for distribution through all permitted distribution channels (the “**UK Target Market Assessment**”). Notwithstanding the UK Target Market Assessment, “distributors” (for the purposes of the UK Product Governance Requirements) should note that: the price of the Shares may decline and investors could lose all or part of their investment; the Offer Shares offer no guaranteed income and no capital protection; and an investment in the Offer Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The UK Target Market Assessment is without prejudice to any contractual, legal or regulatory selling restrictions in relation to the Offering. Furthermore, it is noted that, notwithstanding the UK Target Market Assessment, the Bookrunners will only procure investors who meet the criteria of professional clients and eligible counterparties. For the avoidance of doubt, the UK Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of Chapters 9A or 10A respectively of the FCA Handbook Conduct of Business Sourcebook; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Offer Shares. Each distributor is responsible for undertaking its own UK Target Market Assessment in respect of the Shares and determining appropriate distribution channels.

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended (“**MiFID II**”); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the “**MiFID II Product Governance Requirements**”), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any “manufacturer” (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the Offer Shares

have been subject to a product approval process, which has determined that the Offer Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the “**Target Market Assessment**”). Notwithstanding the Target Market Assessment, distributors should note that: the price of the Offer Shares may decline and investors could lose all or part of their investment; the Offer Shares offer no guaranteed income and no capital protection; and an investment in the Offer Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Offering. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Bookrunners will only procure investors who meet the criteria of professional clients and eligible counterparties. For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Offer Shares. Each distributor is responsible for undertaking its own Target Market Assessment in respect of the Offer Shares and determining appropriate distribution channels.
